

Pitch in. Get the bin.

Your trash hauler doesn't supply recycling bins?

The City of Hudson is providing 18-gallon curbside recycling containers on a first come, first served basis for Hudson residents whose refuse haulers do not provide bins for the "blue bag" service or you need an extra bin. Supply is limited, and only one per household. Stop by Hudson's **Public Works Department at 1769 Georgetown Road**, between 8:00 a.m. and 3:30 p.m. or call **330-342-1750** for more information.

The bins are provided through a grant from the Summit Akron Solid Waste Management Authority.
